HITS 27-MONTH HIGH

WPI inflation rises to 9.87% in June

COST PRESSURE

SHUBHAM RANA
New Delhi, July 14

WHOLESALE PRICES IN India rose at their fastest pace in at least 27 months in June, driven by higher food prices, according to data released by the commerce ministry on Tuesday.

WPI inflation rose to 9.87% in June, from 9.68% in May, and is the highest in the new series, which has data from April 2024.

The spurt in wholesale prices is being transmitted to retail levels, and could reflect more on consumer price index in the coming months. Retail inflation climbed to an 18-month high of 4.38% in June, breaching the Reserve Bank of India's medium-term target of 4% for the first time since January 2025.

WPI food inflation rose to an 18-month high of 6.14% in June. Higher food inflation pushed up the headline print by as much as 43 basis points relative to May, according to Rahul Agrawal, principal economist, ICRA.

"Wholesale prices across most food items have witnessed a hardening in their y-o-y inflation prints in early July 2026 relative to June 2026, suggesting that the WPI-food inflation is likely to inch up somewhat in the ongoing month," Agrawal said.

Primary articles inflation increased to 7% in June from 4.99% in May, led by a rise in non-food articles inflation and minerals inflation.

India bolsters legal system to tackle forced labour imports

MUKESH JAGOTA
New Delhi, July 14

TO ENFORCE THE prohibition of import of goods made with forced labour and avoid 12.5% additional tariffs proposed by the US, India has come out with detailed guidelines to identify such products.

Through a trade notice, the Directorate General of Foreign Trade has inserted a paragraph in the handbook of procedures of the foreign trade policy that empowers it to launch an investigation on its own or on receipt of complaint to determine whether goods imported into India have been produced fully or partially with forced labour.

"India's notification signals that it is strengthening its domestic legal framework in line with international standards, a step that could strengthen its position in future trade negotiations and market-access discussions," GTRI Founder Ajay Srivastava said.

The Office of USTR, in its report in early June on failure to enforce a prohibition on the importation of goods produced with forced labour that covered 60 countries including European Union (EU), had said that India's failure to impose and effectively enforce a forced labour import prohibition is unreasonable and burdens or restricts US commerce.

While the USTR found that all countries had failed to effectively enforce prohibition of goods made with forced labour, those who had rules or laws in place to tackle them were treated differently.

The USTR proposed 10% extra duties on Canada, Ecuador, the European Union, Indonesia, Mexico and Pakistan as they had laws but no effective enforcement.

HITS 27-MONTH HIGH

WPI inflation rises to 9.87% in June

COST PRESSURE

SHUBHAM RANA
New Delhi, July 14

WHOLESALE PRICES IN India rose at their fastest pace in at least 27 months in June, driven by higher food prices, according to data released by the commerce ministry on Tuesday.

WPI inflation rose to 9.87% in June, from 9.68% in May, and is the highest in the new series, which has data from April 2024.

The spurt in wholesale prices is being transmitted to retail levels, and could reflect more on consumer price index in the coming months. Retail inflation climbed to an 18-month high of 4.38% in June, breaching the Reserve Bank of India's medium-term target of 4% for the first time since January 2025.

WPI food inflation rose to an 18-month high of 6.14% in June. Higher food inflation pushed up the headline print by as much as 43 basis points relative to May, according to Rahul Agrawal, principal economist, ICRA.

"Wholesale prices across most food items have witnessed a hardening in their y-o-y inflation prints in early July 2026 relative to June 2026, suggesting that the WPI-food inflation is likely to inch up somewhat in the ongoing month," Agrawal said.

Primary articles inflation increased to 7% in June from 4.99% in May, led by a rise in non-food articles inflation and minerals inflation.

India bolsters legal system to tackle forced labour imports

MUKESH JAGOTA
New Delhi, July 14

TO ENFORCE THE prohibition of import of goods made with forced labour and avoid 12.5% additional tariffs proposed by the US, India has come out with detailed guidelines to identify such products.

Through a trade notice, the Directorate General of Foreign Trade has inserted a paragraph in the handbook of procedures of the foreign trade policy that empowers it to launch an investigation on its own or on receipt of complaint to determine whether goods imported into India have been produced fully or partially with forced labour.

"India's notification signals that it is strengthening its domestic legal framework in line with international standards, a step that could strengthen its position in future trade negotiations and market-access discussions," GTRI Founder Ajay Srivastava said.

The Office of USTR, in its report in early June on failure to enforce a prohibition on the importation of goods produced with forced labour that covered 60 countries including European Union (EU), had said that India's failure to impose and effectively enforce a forced labour import prohibition is unreasonable and burdens or restricts US commerce.

While the USTR found that all countries had failed to effectively enforce prohibition of goods made with forced labour, those who had rules or laws in place to tackle them were treated differently.

The USTR proposed 10% extra duties on Canada, Ecuador, the European Union, Indonesia, Mexico and Pakistan as they had laws but no effective enforcement.
